Defeats Lynchburg,  
2 to 1.

(Special to The Times-Dispatch.)  
Petersburg, June 29.—The Goobers  
defeated the Shoemakers this afternoon  
in a close and exciting game.  
The Goobers were in superb form, allow-  
ing only two scratch hits up to the  
inning, when Morrison, the  
Goobers' pitcher, caught  
the ball and knocked the ball  
out of the field for a homer. This  
run that the Shoemakers  
had made, who pitched for the  
last year, made his initial  
for the visitors to-day.  
The Goobers, in the sec-  
ond inning, scored a run for the  
single scored a run for the  
fifth Brandon's wild-  
pitching for the other  
by the Goobers. The field-  
ing, however, was the best  
and the best and fastest seen  
here this season. The

## Rookies Take First.

[Special to The Times-Dispatch.]  
Norfolk, Va., June 29.—The Rookies  
took the first game of the series for  
Portsmouth this afternoon at La-  
Fayette Field, 7 to 3. Johnson was  
caught for nine hits, and the Pirates  
winning was ragged. The feature of the  
game was the hitting of Simmons and  
Hogue for Norfolk.

[Special to The Times-Dispatch.]  
Elizabeth City, N. C., June 29.—Rob-  
ertson's big league pitching and the  
heavy hitting of the Tarheels tells  
the story of the utter rout of the  
Nancies this afternoon. The Tarheels  
piled up ten runs, and the visitors  
piled up the game lost hope of scoring.  
Robertson fanned twelve Nancies, and  
allowed only two hits, one in the  
third inning and another in the eighth.

## SAM LANGFORD KNOCKS OUT

ANOTHER "WHITE MAN'S HOPE."  
New York, June 29.—Sam Langford,  
the Boston negro heavyweight,  
knocked out Jack Fitzgerald, a Phila-  
delphian "White Hope," in the fifth  
round of a scheduled ten-round bout,  
at the National Sporting Club here to-  
night.

After the first round it became a  
question of how long Fitzgerald would  
last. Langford merely toyed with his  
adversary until the fifth round, when  
a right swing put Fitzgerald down for  
the count of nine, and on arising a  
left hook to the jaw knocked him out.

supervisor, and adopted rules and reg-  
ulations. An arbitrary rating was  
determined. It is charged, by the ratio  
of output for an agreed time; each  
member was obliged to pay \$5,000 or  
less into a fund called "the general de-  
posit," and in case any member failed  
to abide by the regulations his de-  
posit was forfeited.

Raw materials were brought, it is  
alleged in one indictment, at "arbi-  
trary and non-competitive prices to be  
agreed upon by said defendants, being  
prices lower than those for which the  
respective corporations would be en-  
abled to purchase said raw materials but  
for the unlawful conspiracy herein-  
described."

In the indictment against the Bara  
Copper Wire Association, it is charged  
that the corporations forming the  
association produced 95 per cent. of  
the entire bare copper wire consumed  
in the United States, and that they  
had absolute control of the price.

**May Be Imprisoned.**  
Upon conviction, each of the defend-  
ants is liable to not more than a  
year's imprisonment, or a fine of \$5,000  
or both.

In the indictments neither the  
American Steel and Wire Company nor  
the John A. Roeblings Sons Company,  
also known as the Trenton Iron Works,  
are designated as belonging to the  
United States Steel Corporation.

When William P. Palmer, head of  
the American Steel and Wire Company,  
was informed of his indictment, he  
said:

"This is all new to me. I have nothing  
to say."

At the offices of the J. P. Morgan &  
Co., Thomas W. Lamont, one of the  
members of that firm, said that he had  
no knowledge concerning any of the  
associations mentioned in the indict-  
ment.

He further said that no one connect-  
ed with the firm knew anything about  
the Federal proceedings, and therefore  
could not discuss the matter.

Frank J. Gould is in Europe. In his  
absence none of his legal or business  
representatives would talk for him.

**Phillips Not Surprised.**  
Providence, R. I., June 29.—Frank N.  
Phillips, president of the American  
Electrical Works at Phillipsdale, and  
also of the Washburn Wire Company,  
said to-night that the indictment  
against him did not come as a sur-  
prise, as he was aware the investiga-  
tion had been going on for some time.

The treasurer of the electrical works,  
O. H. Wagenseil, he said, had been in  
New York to testify before the grand  
jury.

## Culpeper Wins Game.

[Special to The Times-Dispatch.]  
Culpeper, Va., June 29.—Culpeper got  
revenge to-day by defeating the Dixie  
Athletic Club, of Washington, by the  
score of 13 to 1. Batteries for Dixies  
were Bryant, Brewer and Shalen; for  
Culpeper, Strother and Brown. The  
feature of the game was the pitching  
of Strother, only one hit being made off  
of him.

MAY BE OFFICER OF  
COMMERCE BODY

John H. Marble Has Not Yet  
Accepted Place With In-  
terstate Commission.

J. H. MARBLE.

Washington, June 29.—John H. Mar-  
ble, of California, now counsel for the  
Lorimer investigating committee, and  
who has been for some time a spe-  
cial attorney and examiner of the In-  
terstate Commerce Commission, has  
been selected as secretary of that  
body, to succeed the late Edward A.  
Moseley.

Owing to his present duties as coun-  
sel for the Lorimer committee, Mr.  
Marble has not had time to consider  
the appointment tendered to him, and  
probably will take some days before  
announcing his decision in the matter.  
In the meantime Chief Clerk Connolly,  
of the commission, who has been the  
acting secretary since the death of  
Mr. Moseley, will continue to act in  
that capacity.

## Many Names Suggested.

The question of selecting a secre-  
tary has been under consideration by  
the commission since the death of  
Secretary Moseley several months ago,  
and a number of men thought to be  
suitable for the place were considered.  
The decision finally rested on Mr. Mar-  
ble, and the commissioners. It is un-  
derstood, practically decided to tender  
him the place some days ago. The po-  
sition calls for a man of executive  
capacity, experience in the workings  
of railroads and legal knowledge of  
high order, it was pointed out to-day  
by an official of the commission.

Mr. Marble is a friend of Senator  
Kenyon, of Iowa, and was associated  
with him in a number of legal actions  
when he was filling the office of As-  
sistant Attorney-General. His work at  
this time was recognized, and the In-  
terstate Commerce Commission officials  
asked that he become one of the at-  
torneys of that organization. He ac-  
cepted a short time thereafter.

## News of South Richmond

South Richmond Bureau,  
The Times-Dispatch,  
1029 Hull Street,  
Phone Madison 175.

Ruling that under the provision  
known as the police power, the City  
Council has the right to enforce any  
reasonable sanitary measure, Judge E.  
H. Wells yesterday sustained the de-  
cision of Police Justice Maurice, in  
fining the Virginia Railway and Pow-  
er Company \$10 for failure to  
sprinkle the South Richmond streets  
as called for under the contract with  
the city of Richmond. Attorneys for  
the defense noted an appeal, but it  
is probable that Judge Wells' decision  
will be taken as the final answer in  
this case.

Acting on complaints from residents  
along Perry and other South Richmond  
streets which have unpaved roadbeds,  
the city through its attorneys, brought  
suit against the company for alleged  
failure to fulfill the contract. The de-  
fense advanced by the street car com-  
pany was that in watering the South  
Richmond streets it did so under a  
contract with the city of Manchester,  
and until that contract expired, the  
South Richmond streets would not  
have to be sprinkled at the Richmond  
streets.

The articles of the old Manchester  
contract required only the sprinkling  
of streets that were paved, such res-  
idential thoroughfares as Perry Street  
and Semmes Avenue being omitted  
from the agreement, on account of the  
fact that they have dirt roadbeds.  
Judge Wells ruled yesterday in the  
Hustings Court, Part 2, that upon the  
consolidation of Richmond and Man-  
chester, all contracts made by the ear-  
lier municipality are no longer valid,  
but are superseded by any contract  
which Richmond had made with the  
same party.

This case practically cleans up the  
docket of the Hustings Court, Part 2,  
and nothing but chancery cases remain  
to be heard during this term. The  
next term will be a criminal term.

## May Move In To-Morrow.

If the moving in front of the new  
engine house, at the corner of Tenth  
and Bainbridge Streets, can be com-  
pleted by to-night, the members of  
Engine Company No. 13 will officially  
move into their new home to-morrow.  
Although the Board of Fire Commis-  
sioners agreed that before the building  
could be occupied the committee which  
has had charge of its construction must  
pass upon it, no difficulty is anticipated  
from that source as the work has been  
done carefully, if slowly.

In preparation for the move the  
board has also instructed the chief en-  
gineer of the Fire Department to in-  
stall all the machinery and fire fight-  
ing apparatus in the house, and when  
this is done Captain Cosby will order  
his men to move their habitation. As  
none of the apparatus, or practically  
all, will be in service in the new house,  
the move ought to be effected without  
difficulty.

Although most of Captain Cosby's  
force has seen service as call men or  
"runners" in the Manchester Fire Com-  
pany, they have never had experience  
in handling an engine or the powerful  
streams pumped by the machine, so the  
captain will have plenty to do after  
moving in while he is breaking in his  
company. Three of the men have en-  
gine experience.

**Gave Fine Performance.**  
For the benefit of the Cowardin Ave-  
nue Christian Church, a most pleasing  
musical and literary evening was given  
last night in the City Auditorium. On  
the program were some of the favor-  
ite songs of the local performers, and all  
acquitted themselves with honor. While  
the audience did not by any means tax  
the capacity of the tremendous Audi-  
torium, the building was fairly well  
filled, and the proceeds from admission  
tickets will aid the finances of the  
church materially.

The Orpheus Choir, a choral body of  
twenty-five, were the star performers,  
under the leadership of Professor W.  
Henry Baker. Others taking part were  
Mrs. R. P. Shifflett, soprano; Mrs. W. H.  
Baker, soprano; Miss Lillian West,  
mezzo-soprano; Mrs. C. K. Schroeder,  
contralto; R. Lynn Tucker, tenor; A.  
W. Martinstein, baritone; Lee Reams,  
bass; Miss Ruth Reams, solo pianist.

Miss Nannie Crawford and Miss Susie  
Long, elocutionists.

## Crowd at Free Concert.

The fourth municipal band concert,  
given last night in Washington Square,  
drew the largest crowd of the season.  
Every accommodation in the line of  
seats and refreshments had been put  
on the grounds for the Southerners,  
and in no other park in the city do the  
musicians find such an appreciative re-  
ception as in South Richmond's public  
square.

Professor Chambers testified the  
gratification of the musicians by being  
liberal with encores, but even then he  
was forced to refuse some of the extra  
numbers that the applause of the peo-  
ple demanded. A conservative esti-  
mate of the people in the audience  
last night places the number at be-  
tween 2,000 and 3,000.

The Southside police and the extra  
plain clothes men scattered though the  
audience found almost nothing to do.

**Fought to a Finish.**  
As the result of a finish fight Wed-  
nesday night, in which a red cuspidor  
figured prominently, Frank Christian,  
colored, is in jail, and Joseph Jones,  
his stepson, of Fifth and Everett  
Streets, is suffering from a fine of \$5  
and costs from Justice Maurice in the  
Police Court, Part II, each with his  
head badly lacerated and bruised. The  
Police Justice imposed a fine of \$5 and  
costs on the combatants, and failing to  
pay, Christian was sent to the cooler.

According to the testimony in court,  
the men became engaged in a quarrel  
while very much the worse for wear  
from drink, and the fight ensued. One  
seized the cuspidor, and the other the  
chair, and with these weapons they  
finally laid each other out cold. The  
ambulance had to be summoned for the  
men to be treated.

**To Open New Building.**  
Elaborate and impressive exercises  
have been arranged for the opening  
of the new Midlothian Public School on  
July 4, and a great gathering of county  
people is expected. The chief attrac-  
tion of the occasion will be the address  
by Congressman John Lamb, who will  
formally open the building.

It is expected that arrangements can  
be made to have the school children  
participate in the exercises, but this  
has not been settled definitely. Other  
short speeches will be made, and there  
will be some music as well. After the  
program has been finished the visitors  
will be shown over the building and  
allowed to examine thoroughly this  
latest example of school structure.

In this building the wishes and  
aims of the county school board are  
for once realized, the supervisors hav-  
ing acquiesced in the plans as first  
proposed. Everything about the school  
will be modern and thoroughly up-to-  
date, with all the latest appliances for  
school hygiene. The Chester Agricul-  
tural High School will be its only rival  
in the county.

**General News Notes.**  
The first real drill of the two full  
companies of the Southside Corps of  
the Boys' Brigade will take place to-  
night on the green of Washington  
Square. The recruits will assemble  
near the bandstand, and after a talk  
from the officers in command will be  
put through the preliminary paces for  
making good soldiers of them. The  
corps now numbers 115 boys, and the  
enlistment books have been tempo-  
rarily closed until the present bunch  
of recruits can be whipped into shape.

W. H. Robinson, of 1704 Boston Ave-  
nue, Oak Grove, has been taken to  
Memorial Hospital with a serious case  
of appendicitis.

Miss Adele Cook, who has been  
ill for some time past, has recovered  
sufficiently to be able to leave the  
Southside for the mountain.

Mrs. E. B. Howie, wife of the editor  
of the Manchester Weekly Bee, has  
gone to Ocean View to spend the sum-  
mer. Editor Howie will spend most  
of the time at the beach with his wife,  
but will come to the Southside every  
week in time to publish his paper.  
An important and well-attended  
meeting of the Southside Branch of  
the Woman's Christian Temperance  
Union was held yesterday afternoon  
at 4:30 o'clock in the home of Mrs.  
A. D. Shotwell, of 301 Cowardin Ave-  
nue. The chief feature of the meeting

was an address by Mrs. Rett, one of  
the organizers of the Southside  
Union.

Deputy City Tax Collector J. P.  
Robertson has given warning to all  
city tax-payers that if the first half  
of the city taxes is not settled before  
the closing of the office to-day 5 per  
cent. of the bill will be added as a  
penalty. Those who wait until to-  
morrow to pay the taxes will have the  
penalty imposed.

The regular weekly meeting of New  
South Council, Junior Order of United  
American Mechanics, will be held to-  
night at 8 o'clock in the Odd-Fellows'  
Hall, South Richmond.

An important meeting of Select  
Council, Daughters of Liberty, will be  
held to-night at 8 o'clock in Toney's  
Hall.

STORY TOO SIMPLE

the purpose of intercourse or treaty  
with foreign nations" is issued.

But this authority, the report holds,  
does not give either the President or  
the Secretary of State "any power to  
pay for portraits of ex-Secretaries of  
State, and said payment out of said  
fund was, in the judgment of your  
committee, a misappropriation of said  
money."

The report, in summing up, says:  
"The undisputed facts show that this  
sum of \$1,600 was in the possession of  
Morrison, as disbursing clerk, and its dis-  
position is unaccounted for except by the  
letter of Michael to the State Depart-  
ment in 1906, that he turned the same  
over to Secretary Hay, who at the  
time of said letter was dead."

"Your committee has not finished its  
labors, but in view of the fact that  
even an amount as small as \$1,600 is  
either unaccounted for or accounted  
for in a most unreasonable manner by  
officers still holding responsible posi-  
tions under Federal authority, it is  
deemed wise that this report should  
now be made, with the hope that the  
present executive authority may re-  
lieve the public service of such officials  
and restore to the people confidence  
in those who handle the public funds  
and represent us in important positions  
abroad."
